A Love Note from Me to You...
by Ms. Courtenay Shorter

In an effort to serve you better, Dallas Love Field has opened the Airport Communications Center (ACC) for your use. The ACC is currently staffed from 5am to 12pm to answer and direct your airport related concerns. If you are submitting a aircraft noise complaint please call the ACC at 214-670-LOVE (5683). Complaints may also be submitted through the airport’s aircraft noise and operations portal, PublicVue. To submit complaints through the PublicVue module, please visit www.dallaslovefield.com and click on “Aircraft Noise Complaints”.

We are excited about the progress and changes that are taking place here at Dallas Love Field and we want you to be excited as well! If you have ideas or suggestions, please let me know and I will try to accommodate that suggestion.

Optimized Airspace and Procedures in the Metroplex (OAPM)

On Thursday September 18, 2014, the Federal Aviation Administration implemented a large number of Performance Based Navigation (PBN) procedures in the Dallas-Fort Worth Metroplex which includes Dallas Love Field. The PBN procedures are designed to enable aircraft operating at DAL to follow precise routes during the arrival and departures phases of flight.

This implementation of PBN procedures is a part of the Optimized Airspace and Procedures in the Metroplex (OAPM) initiative which is a major part of the FAA’s Next Generation Air Transportation System (NextGen) program.

Want to get involved?

The Love Field Environmental Advisory Committee (LFEAC) meets quarterly. Please join us for roundtable discussion and updates!

Construction Updates

Taxiway D between Taxiway C and Taxiway D1 was closed May 2013 as work continues for the next phase of the Love Field Modernization Project (LFMP).

This phase of the project is expected to be completed in 2014 and it includes the demolition of Gates 4 through 15 of the west concourse and the baggage claim wing.

Construction on Taxiway C continues and requires a lengthy portion to be closed along runway 13R/31L (Denton). This closure primarily affects arrivals in the south flow air traffic direction as it hinders arrivals on 13R/31L. Construction will continue through the first week of March 2015. Please see the airport diagram on page 3 for more information.

Runway Closures

Scheduled Runway Closures for Routine Maintenance

- Runway 13L/31R (Lemmon) will be closed Sunday September 21, 2014 at 11:00pm until Monday September 22, 2014 at 5:30am.
- Runway 13R/31L (Denton) will be closed Wednesday September 24, 2014 at 11:00pm until Thursday September 25, 2014 at 5:30am.

Ongoing Airfield Closures

The following taxiways will remain closed until further notice:

- Taxiway D closed lighted and barricaded between TWY D1 and RWY 13R/31L until December 31, 2014.
- Taxiway C closed lighted and barricaded between TWY C3 and RWY 18/36 until March 15, 2015.
- Taxiway C between C2 and D closed to aircraft with wingspan greater than 118ft; prior permission is required from Airport Operations.

*Please see the airport diagram on the next page for the locations of runways and taxiways.*

Total Arrivals for the week of Sept. 7–Sept. 13, 2014: 1601*
Total Departures for the week of Sept. 7–Sept. 13, 2014: 1634*

*Total arrival and departure counts include operations that are listed as “unknown” in the system due to radar coverage that doesn't correlate them with a runway in the Noise and Operations Monitoring System.

**Aircraft classified as other include military operations, non-scheduled commercial operations such as charter flights/air taxi, and helicopter operations.

Runway 13L/31R was closed Sunday September 7, 2014 at 11:00pm until Monday September 8, 2014 at 6:00am
