EAA Ford Tri-Motor Tour

The EAA's Ford Tri-Motor will be at Dallas Executive Airport from May 25th—28th. The Tri-Motor, also known as "The Tin Goose", dates back to the 1920's. It was the largest commercial aircraft in service within the U.S. and one of the first luxury airliners in existence. The Tri-Motor was pivotal in garnering the public's trust by presenting air travel as a safe and reliable method for transportation. You can step back in time and book a flight on the historic Liberty Ford 5-AT-B. If you book online at www.flytheford.org, the flight rate is \$70 per adult. Walk-up flight rates are \$75 per adult and \$50 per child 17 years of age and under.
