Love Field in 1966

I was recently at an aviation noise conference in Savannah, GA. While I was there, I spoke to an individual who told me that his wife works in a library and had recently come across a children’s book that was published in 1966 that features Dallas Love Field. He told me that once he returned home that he would scan it and send it to me. I have recently received it, and I would like to share some of the images with y’all. If you are interested in seeing more, send me an email at Courtney.Buikema@dallascityhall.com.
