

# Dallas Love Field

---

**November 12, 2020**

**To:** Dallas Love Field Airport ("DAL"), International Arrivals Customers

**From:** Sheneice Hughes, Asst. Director of Administration & Customer Engagement at Dallas Love Field

**Subject:** Increase in International Arrivals Fee – effective December 01, 2020

Dear Airport Users,

A December 01, 2020 increase in international trash arrivals and collection fees at DAL was approved by Dallas City Council on November 11, 2020 per "Dallas City Code Chapter 5: Airports and Aircrafts." This increase arises as the United States Customs and Border Protection ("CBP") has raised their chargebacks by 35% to the City of Dallas. As a result, there is an increase in costs to Dallas Love Field's international arrivals customers.

Vector Airport Systems will continue to operate, bill, and collect these fees on behalf of DAL. For more information or how to send payment(s) to Vector please visit: <https://www.dallas-lovefield.com/airport-info/general-aviation/international-arrivals-and-customs>

The following is City Council's approved fee schedule effective December 01, 2020 for all international arrivals at Dallas Love Field: *(based on Maximum Take-Off Weight "MTOW" with no rounding)*

- Single engine reciprocal propeller - \$105
- Twin engine reciprocal propeller - \$140
- Light turbine (less than 12,500 pounds) - \$350
- Medium turbine (12,500 to 40,000 pounds) - \$560
- Large turbine (more than 40,000 to 100,000 pounds) - \$700
- Transport category (more than 100,000 pounds) - \$1050

Sincerely,

Sheneice M. Hughes, M.A.P.

Dallas Love Field

Assistant Director – Administration & Customer Engagement
