

Our Youth. Our Responsibility.

Transforming Kids' Lives Through the Arts Since 1955

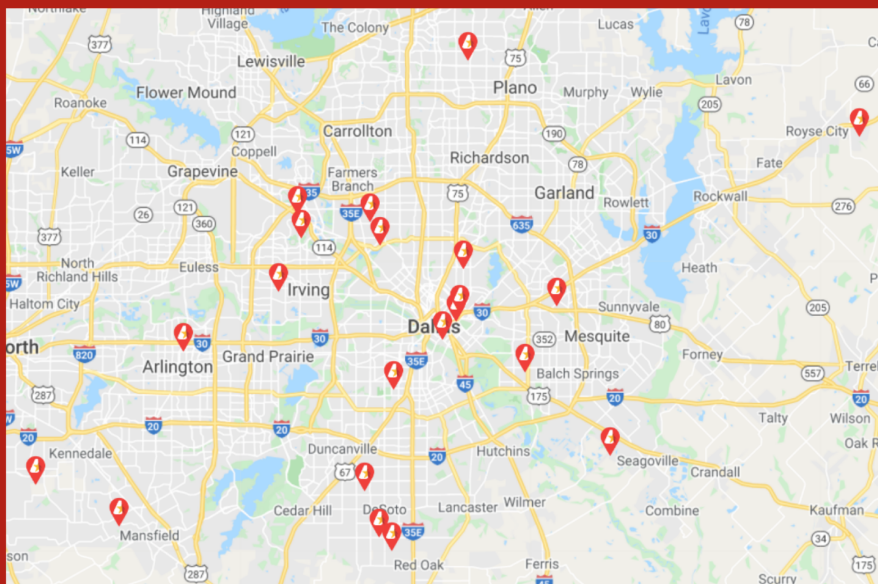

For over 66 years, Junior Players has been empowering young voices by providing free, high quality arts programming to North Texas children and youth. **And we've only just begun!** Through innovative programs and outreach opportunities, we're equipping more students with transformational skills to become the change-agents of tomorrow.

Junior Players' Discover Visual Art program allowed participants to work with industry experts to create silhouettes filled with their ideas, and bursting with patterns and words representing who they are and the world around them. Over the course of this program, participants were led in various activities and discussions revolving around equity, diversity, and inclusion. This 10-week program provided a safe space for our youth to learn, explore, grow, and engage with one another, with freedom from discrimination, harassment, or judgement. Their artwork is a representation of the world as seen through their eyes – the things they hold dear, the ideas they want to challenge, and the change they want to see.

Discover Visual Art 2021 Locations

Junior Players programming serves over 15,000 North Texas youth annually.

Junior Players has adapted to these changing times by creating completely virtual programming, expanding our reach to serve more kids and teens than ever!
