DALLAS AIRPORT SYSTEM

***Good Neighbor Program Community Meeting
Dallas Love Field Airport***

October 11, 2022

Good Neighbor Program Meeting Agenda

- Good Neighbor Program Overview
- What's Going On?
- Dallas Love Field Construction Project Updates
- Environmental – Noise Abatement Program Updates
- Community Engagement Activities

Good Neighbor Program – Overview

What is the Good Neighbor Program?

A way to connect with the community on future ideas and planning input.

Create livable, walkable and interconnected neighborhoods in our community.

Operates in and around the airport with the mission to do all the good we can, in all the ways we can.

Good Neighbor Program Goals

We are an airport that happens to be in the middle of a community, but.....

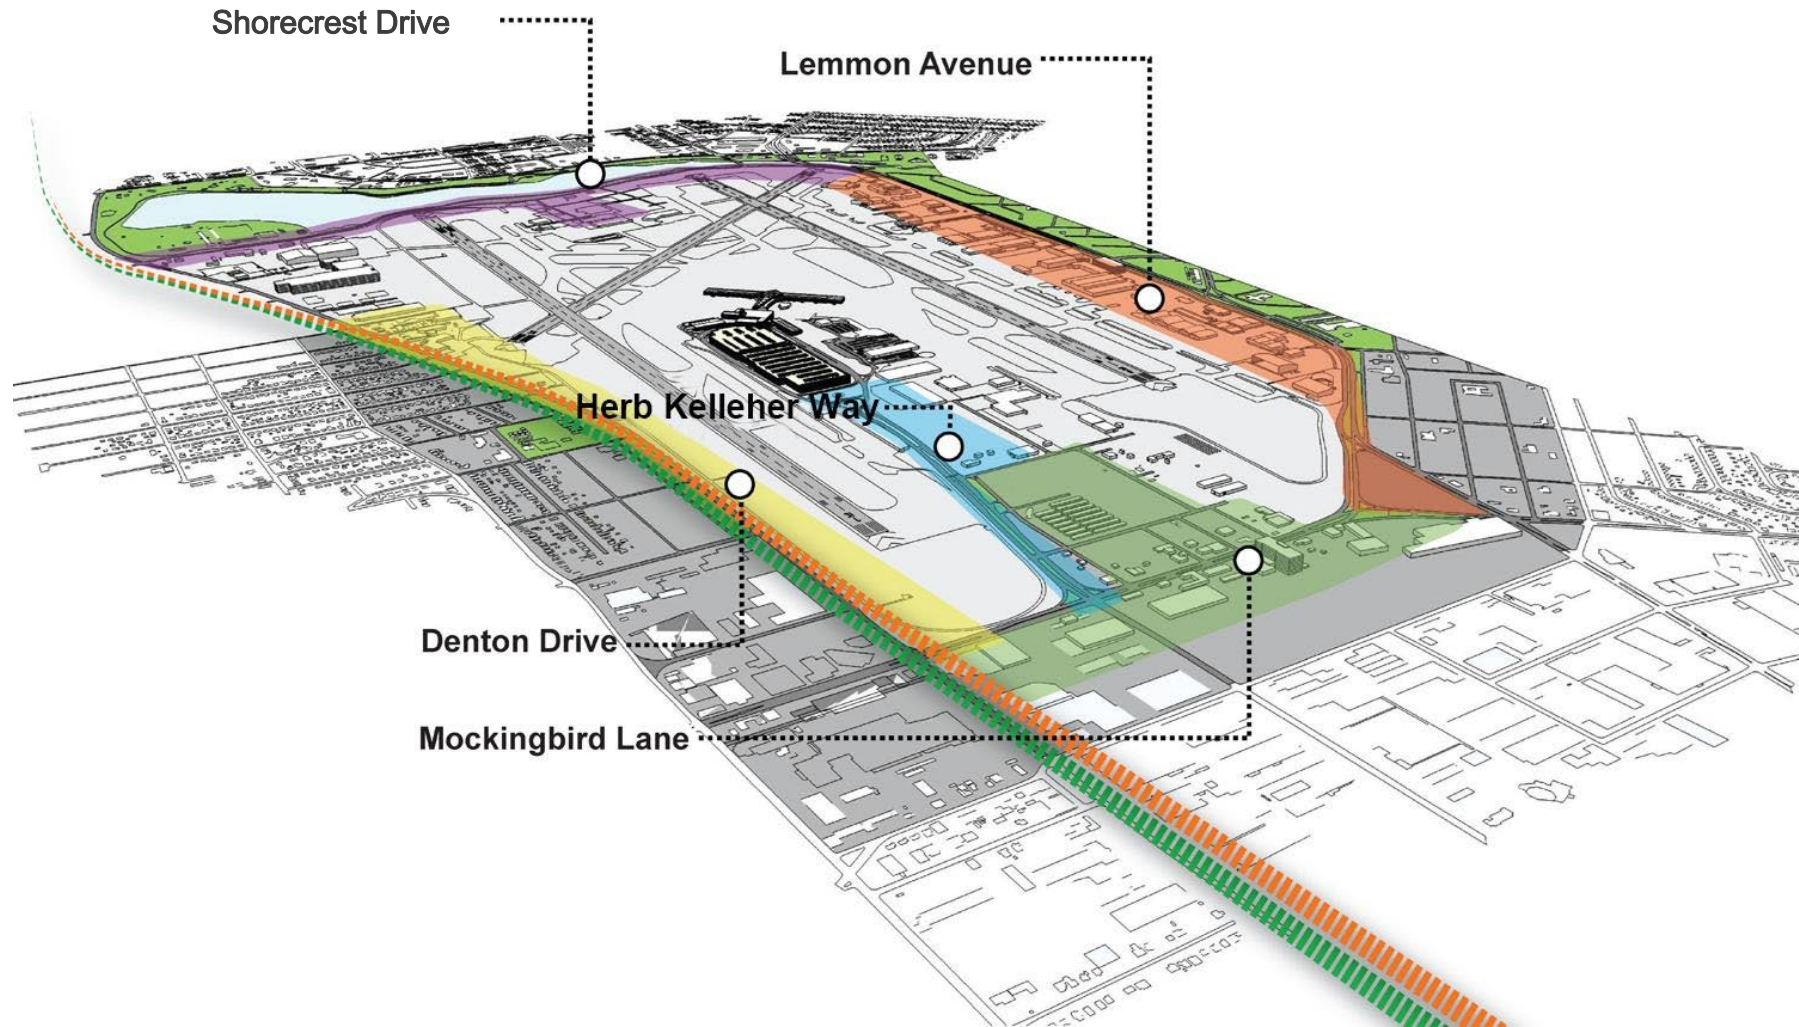

“Our goal is to be a community that happens to be located around an airport...”

- Mark Duebner, Director of Aviation

- Off-airport urban design
- Landscaping and beautification
- Parks, trails and recreational activities
- Signage and traffic improvements
- Pedestrian improvements

Target Areas

Good Neighbor Program –

What's Going On?

DAL OPERATIONS DATA

Week 8/20 – 8/26/2022 includes data up to 8/26/2022.

Good Neighbor Program –

Infrastructure & Development Project Updates

Entry Road Enhancements

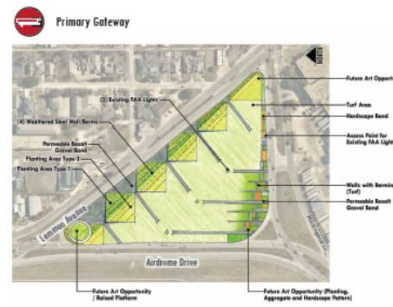

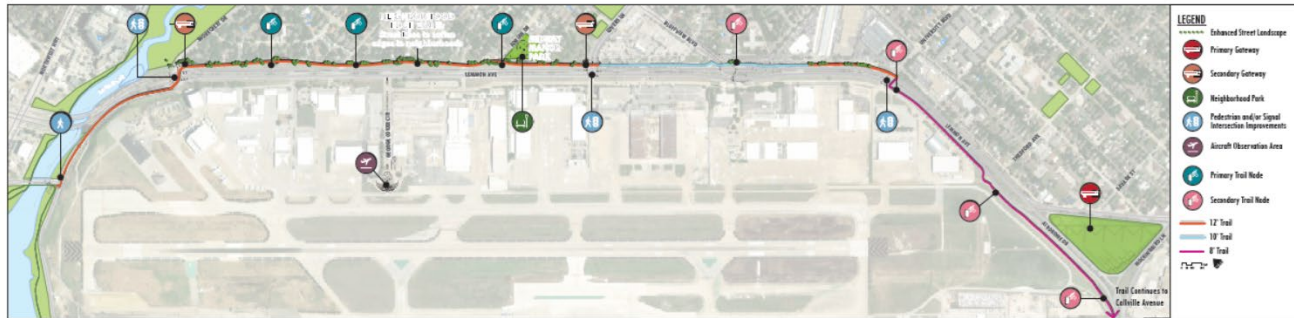

Construction started in April 2021 with expected completion in October 2022.

Enhancements include:

- Lighting
- Pedestrian paving
- Fencing
- Landscaping
- Signage
- Public Art

Lemmon Avenue Streetscape Enhancements

- 99% design complete for Trail and Streetscape enhancements, FAA coordination continues
- Estimated construction start – Spring 2023
- 12 ft. mixed-use with 10' in areas with right-of-way constraints with enhanced pedestrian crossings connecting to the Bachman Lake trail system
- Project limits extended to Airdrome and Mockingbird (@ Coleville)
- Completed Parks Master Plan
- Midway Manor Park
- Main Gateway feature at Lemmon/Airdrome triangle and two (2) Secondary Gateway Features at Lovers Lane and Shorecrest Drive

Cross-Field Taxiways

PROJECT DESCRIPTION:

This project will include the construction of Crossfield Taxiways and connecting taxiways, it will also include the construction of the proposed Remain Over Night (RONs), deicing areas, analyze the location of the run-up area and recommend relocation/ reconfiguration.

- Access to the airfield will be from a temporary gate in the existing AOA fence
- Construction access to the site is via the VSR
- This access route will keep construction traffic confined to the site

Construction Notice to Proceed:
September 19, 2022

DAL ARFF Station 21 Replacement

PROJECT DESCRIPTION:

- Provide a new Aircraft Rescue and Firefighting (ARFF) station to replace existing Station 21.
- Project will include new access roadway and required utilities to provide service to the facility.
- Council Approved design award on September 14, 2022.

DAL Taxiway A Reconstruction

PROJECT DESCRIPTION:

- Rehabilitate Taxiway Alpha.
- Realign the vehicle Service Road
- Review and assess the Runway Safety Area for runway 13L-31R.
- Council Approved design award on September 14, 2022.

***Good Neighbor
Program –
Environmental Updates***

Noise Stakeholders Meeting

- The Department of Aviation is currently hosting a series of noise stakeholder meetings to review the Voluntary Noise Program (VNP) by discussing DAL's current program and provide feasible noise measures to the FAA for their review and implementation.
- Goal to provide information on aircraft noise, the opportunity to review the existing program, and suggest new/modified feasible noise mitigating measures.
- Stakeholders consist of a third-party Facilitator, Consultants (HMMH), Federal Government (FAA), Department of Aviation Staff, Airline representatives, Airport tenants, School representatives, Neighborhood Associations, and Individual Residents.

Meeting Updates

- Meeting 1 Agenda (August 25th, 2022)
 - Introduction to aircraft noise
 - Aircraft noise regulation in the U.S.
 - The existing Dallas Love Field (DAL) voluntary noise control program
 - Historical DNL Contours
- Meeting 2 Agenda (September 29th, 2022)
 - Review existing Dallas Love Field (DAL) Voluntary Noise Program (VNP)
 - Solicit stakeholder ideas and feedback on the current VNP
 - Discuss possible modifications to the VNP in Working Groups
- Meeting 3 – Upcoming (October 20th, 2022)
 - Present Final Results of Program Review Analysis and Recommendation Elements
- Meeting 4 – Upcoming (TBD)
 - Meet with Council to present final recommendations

NoiseLab

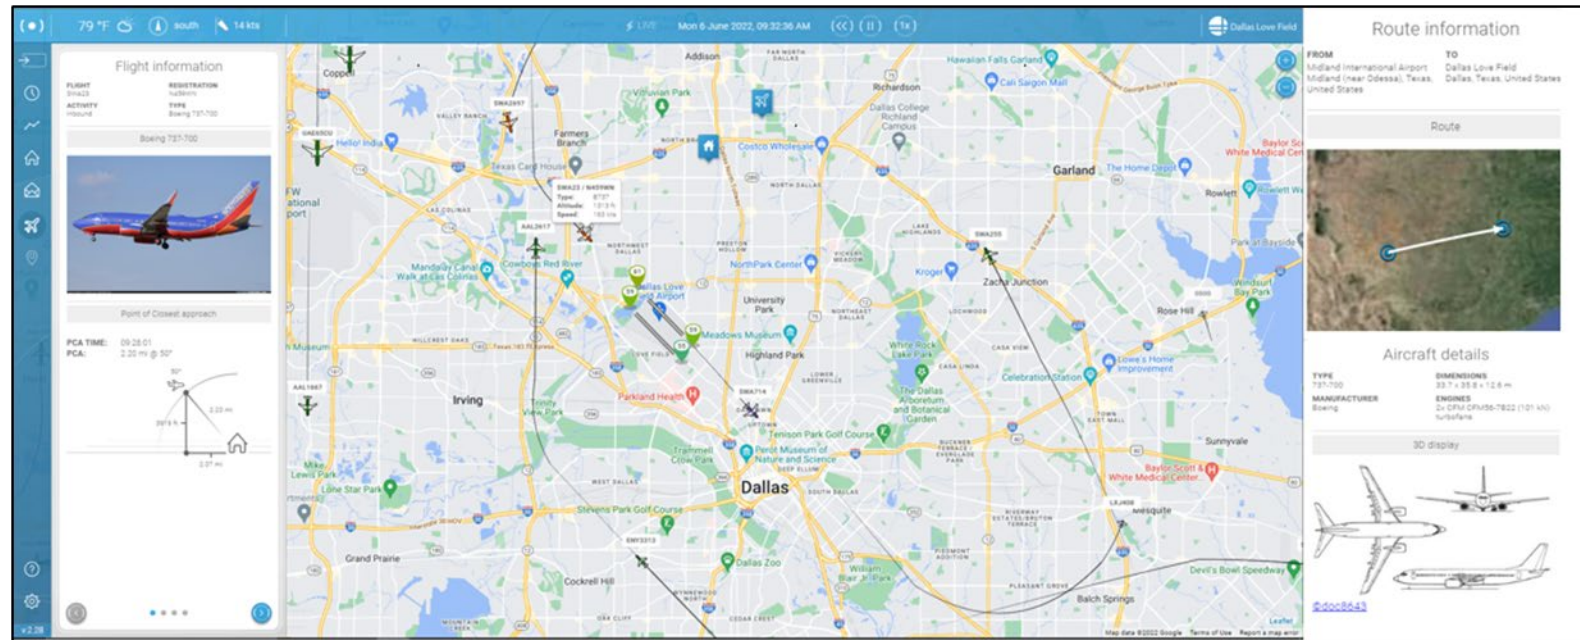

Casper NoiseLab is an interactive public website that provides current information on aircraft noise, runway closures, outreach efforts and other useful information. It also displays statistical flights/noise information using both maps and charts.

The screenshot shows the Dallas NoiseLab website interface. At the top, there is a navigation menu with links: HOME, FAQ, NEWS, NOISE EXPLAINED, LIVE FLIGHT TRACKER, HISTORY, NOISE MONITORS, TRAFFIC, and COMPLAINTS. Below the menu, the current date and time are displayed: Monday June 6 2022. Weather information shows a temperature of 79°F and a wind speed of 14 kts. The page features a map of Dallas Love Field Airport and surrounding areas, including landmarks like Cowboys Red River, University Park, Meadows Museum, and Highland Park. A 'Runway use' section shows a diagram of the runway. A 'Weather conditions' section displays the current temperature (79°F) and wind speed (14 kts). A 'Denton Runway Closure' section provides information about a runway closure from April 2021 to Summer 2022. A calendar for June 2022 is also visible, showing the current date (June 6) and the days of the week.

Flight Tracker

Dallas Love Field Airport has invested in an online tracking system for the movement of flights within the DFW Metroplex. Flight Tracker allows concerned individuals to research data on flights. The system simplifies the submission of noise complaints by offering an easy, online option for residents to register noise concerns.

Guidelines and Standards

- Noise complaints will only be logged when they contain accurate and complete information, including the **first and last name, physical address, date and time of the noise occurrence** and **means of contact** (telephone number or email address) if feedback is requested.
- It is recommended that noise complaints should be reported within one week of the occurrence.
- The FAA's Aviation Noise Ombudsman serves as a public liaison for issues about aircraft noise questions and complaints.
- Email : 9-asw-noise@faa.gov

For noise concerns visit

DAL Achieves Level 3 Airport Carbon Accreditation

- Institutionally – endorsed, global carbon management certification program for airports
- Current status: Level 3 – Optimization (June 2022); 1 in 4 airports in Texas
- Reached carbon reduction objective to “reduce emissions by 10 percent per enplaned passenger below 2015 levels by 2025”
- Looking forward:
 - Achieve Level 3+ – Carbon Neutrality

Beehive

April 2022, Urban Beehive was installed at Dallas Executive Airport

Summertime BEEsiness (business)

Bee home has been upgraded to TWO bee boxes

Successful harvest season, expect to see honey soon!

Hive was boosted with additional bees

Community Engagement

We believe in being a good neighbor to our community.

Are your priorities still the same or have they changed?

What would you like to see with community connections?

What else can make us a good neighbor?
